Is bespoke styling the right choice for you?...

You have been searching Pinterest, Instagram and have put together an array of ideas but need a stylists touch to bring it all to life for your big day?

Or

Maybe you're unsure of the look you would like to achieve for your wedding and need the guidance of an experienced stylist to build you your bespoke dream day?

Or

You have looked through our packages and they look great but you would like to change or add your own special touches and would like guidance with this?

Any of this sound familiar? Then you are
in the right place...

Bespoke Styling is very personal and it is important to have the right stylist for you as you will work very closely and need to have trust in your stylist and their team to maximise the potential of your wedding decor.

From bespoke floral displays to choosing the perfect props to compliment your venue, we will be there for you every step of the way. Our aim is to make this experience an exciting and stress-free one from the very first contact. We know how important this is for you and only the best will do for our wonderful couples.

How does Bespoke Styling work?

1. Get in touch - The best way to do this is through the contact form on our website. Here you can enquire about your date availability and tell us a little bit about your wedding wishes.
2. Your date is available... Great, it's time to book a consultation call. We can go through ideas and get a good idea of what you may wish to include in order for us to draw you up a preliminary quote.

3. Happy with your quote? Well lets get your date saved... It's time to book. It is just an £150 deposit to book in and save your date. The final balance is due 6 weeks prior to your wedding.

4. All booked in... Soooooo exciting. Lets get planning. You can book in as many planning meetings throughout your wedding styling journey as required and add to your styling along the way if you wish.

5. Once we have all of your elements planned we will build you a PDF Booklet with all that has been included for your wedding styling. This will also give you your final balance for your bespoke styling plan.

6. Sit back and relax in the knowledge that your wedding styling is in the very best hands.

Sounds fantastic doesn't it... That's because it is and we can't wait to start building your bespoke styling plan with you.
